Each Italian Partner hosted the event for a day and organized particular activities realized into a school, a public library, an auditorium, NGOs and so on. Participants animated also squares, gardens and mall to realize different activities connected with the project. In this way participants know different aspect of Italian society and the vitality of social tissue in Emilia-Romagna Region. own typical tree. Easily recognizable with their logoed t-shirt and thanks to collaboration with Europe Direct and Bologna Municipality, participants organized Fair of Citizens in Bologna downtown. Fair of Citizens reached also the City Centre where participants in small groups, talked about Project directly with citizens; of course they were recognizable thanks to their logoed t-shirt.
